EYECARE ABOUT YOU.

With VSP doctors, you'll enjoy quality, personalized care. Your VSP doctor will really get to know you and your eyes, helping you keep them healthy year after year.

Besides helping you see better, routine eye exams can detect symptoms of serious conditions, such as glaucoma, cataracts and diabetes. Even tumors. And eye exams for children spot problems that can hinder learning and development.

Upon completion of evaluations, A.M. Best assigns the following Best's Ratings according to the following scale: A++ and A+ (Superior); A and A- (Excellent); B++ and B+ (Very Good); B and B- (Fair); C++ and C+ (Marginal); C and C- (Weak); D (Poor); E (Under Regulatory Supervision); F (In Liquidation); S (Rating Suspended).

***Standard & Poor's Rating**
Standard & Poor's Insurer Financial Strength Ratings provide powerful decision-making tools for anyone interested in buying insurance. Standard & Poor's ratings are prospective evaluations of an insurer's financial security to its policyholders. Standard & Poor's Insurer Financial Strength Ratings range from "AAA" to "CC". An insurer rated "BBB" and higher ("A", "AA", "AAA") is regarded as having financial security characteristics that outweigh any vulnerabilities and is highly likely to have the ability to meet financial commitments. An insurer rated "BB" or lower is in the "vulnerable" range and is regarded as having vulnerable characteristics that may outweigh its strengths. "BB" indicates the least degree of vulnerability within the range. "CC" the highest degree of vulnerability.
